November 17, 2008—January 4, 2009**

ICE! at Gaylord Palms, Kissimmee

Who says the holidays in Florida are all about sunshine and palm trees? Prepare for the coolest winter on record as Gaylord Palms presents **ICE!**, a **walk-through attraction hand-carved from nearly TWO MILLION pounds of ice.**

Explore a whimsical winter wonderland of larger-than-life, three-dimensional hand-carved ice monuments and sculptures, including fantastic frozen creations, slipper ice slides, and memorable holiday scenes.

The attraction's signature scene, a life-size Nativity carved completely of crystal-clear ice, has been described as one of the most breathtaking depictions of the birth of Christ. Dramatic lighting and a stirring narrative track give guests an opportunity to pause and reflect on the story behind the season.

The attraction is carved by a team of 40 artisans from Harbin, China. The talented artisans spend nearly an entire month in Kissimmee creating this one-of-a-kind attraction.

Just walking through the Gaylord Palms atrium is a treat all in itself ... ICE! is a bonus. The activities are sure to make you 'merry and bright' as you see the whimsical décor, a majestic 54-foot Christmas tree, and lights throughout the resort's atrium, synchronized to festive holiday music.
